**Completed Courses Summary:**

This section contains a cumulative look at all courses a student has completed with CCEI, whether individually or in a certificate program. Courses completed that do not have a certificate program ID in the Cert ID column were completed as individual courses. Any course completed as a part of a certificate program will have a certificate program ID in the Cert ID column. Please refer to the Certificates Awarded section of this transcript for the name of the certificate program that corresponds to the Cert ID. If you do not see a corresponding number in the certificates awarded section, that indicates that the student has not completed all the coursework for that certificate.
